

NK 250SP, NK 250SPES (Ziant Series)

- ▶ Maximum accessibility and high reliability for medium sized truck for 6 ~ 6.5m.
- ▶ Clean and silent diesel engine: Fuel efficient and powerful quiet running 3 cylinders, direct injection, liquid cooled diesel engine
- ▶ Durable high capacity compressor developed by Hwasung Thermo for low temperature control and its efficiency
- ▶ Three evaporator fans provide optimum load-encircling airflow
- ▶ Convenient temperature control system of in-cab controller with LCD Monitor
- ▶ Aluminium guard protects the evaporator system

NK 250SP

Technical Data

Cooling Capacity	Temperature		Road Operation		Electric Operation	
	R-404A	°C	Kcal/h	Watt	Kcal/h	Watt
30°C(86°F) Ambient under ATP Standard		0	4,990	5,800	3,757	4,367
	-20	2,774	3,225	2,108	2,450	
Diesel Engine	Model		Yanmar 3TNE68-HT			
	No. of Cylinder		3			
	Displacement(cc)		784cc			
	Oil Charge		5.5 Liter			
Compressor	Model		BOCK FKX30/235TK			
	No. of Cylinder		2			
	Displacement(cc)		200cc			
Refrigerant	R-404a / 2.8kg					
Airflow	2,921 m ³ /h					
AC Motor Voltage Option	AC 220V/380V/415V, 3Phase, 50HZ/60HZ					
Automatic hot gas defrost	3.8kW(5HP)					
Size(mm) W×D×H	Termination by Microprocessor / Air switch					
	Evaporator		1200×658×305			
	Condenser		1790×668×555			
Weight (kg)	HT-250SPU		1605×635×625			
	355kg			380kg
