

NK 50

- ▶ Maximum cooling for small trucks and van under 5~12m³ with simple low cost units.
- ▶ Separated unit type with condenser and evaporator
- ▶ Compressor is powered with vehicle engine
- ▶ Front mount condenser:
 - ABS case, weight less, protection from rust, new round design.

NK 50

- Front Mount Condenser
- Weight : 22kg

- Slim Ceiling Evaporator
- Weight : 20kg

- Cab command in-cab control box

Technical Data

Cooling Capacity	Temperature		Load Operation		Electric Operation	
	R-404A	°C	Kcal/h	Watt	Kcal/h	Watt
30°C(86°F) Ambient under ATP Standard		0	1,791	2,081	1,456	1,689
		-10	1,448	1,683	1,049	1,220
		-20	989	1,150	715	830
Compressor	Model		Seltec TM-13HS			
	No. of Cylinder		6			
	Displacement(cm ³)		131cc			
Refrigerant	R-404a 1.3kg / R-134a 1.2kg					
Airflow	785 m ³ /h					
AC Motor	DC Voltage Option		DC 12V / DC 24V			
	AC Voltage Option		220V/240V/380V/415V, 1P/3P, 50/60Hz			
Defrost	2.2kW(3HP)					
			Automatic hot gas defrost initiated & terminated by cab controller
